Oh, we get started up one more time  
I got the number down right here, I'm looking at it  
I couldn't believe she would do me like that P  
I just don't understand it, dog, can't understand it

Ladies and gentleman  
Wanna welcome y'all back to 'The Minstrel Show'  
Thank y'all for tuning in, y'all keep watching a lotta the  
station  
But y'all touring us right now and it feels so beautiful

Performing at black face tonight, it's my nigga, Joe  
Scudda  
He'll come on up a little bit later on in the show  
I just wanna thank y'all for just tuning in  
It's like this yo

Yo, when 'Te pulls his verses out, promoters pull their  
purses out  
That, money for a purchase out  
The charge card that they swipe for the worst amounts  
'Cause this is business not personal

Thought I would switch my personnel  
Like Big Doe and Big Pooh would be the first to bounce  
But y'all, niggaz is boring me, y'all never gon' change  
And please, join a sorority, go step your game up

Y'all boys ain't ready for damage, you need extra  
planning  
You in the game, but you off-size and gotta extra man  
And I'm the coach doing your reprimanding  
I got a team to run, boy, respect my standards

And when I'm on the mic, y'all should expect the  
grandest  
Showing lyricism, ever let 'em know who your man is  
It's Phonte

Don't stop, can't stop, yes, I wanna  
(So gutter)  
Can't stop, won't stop, yes, I wanna

(Little brother)  
Don't stop, can't stop, yes, I wanna  
(And all across the world)  
Can't stop, won't stop, yes I wanna  
(The fly ladies and girls, tell me they lovin' it)

Don't stop, can't stop, yes, I wanna  
(East coast say they lovin' it)  
Can't stop, won't stop, yes, I wanna  
(Mid-West say they lovin' it)  
Don't stop, can't stop, yes, I wanna  
(All worlds say they lovin' it)  
Can't stop, won't stop  
(It's rapper Big Pooh)

I got a prob with, niggaz speaking gossip  
Talk about what you know, nothing it is nonsense  
That's a Bronson, Charlie take precaution  
Get you sold on the block, no, not an auction

Dearly departin', I'm not a G  
But I move like they move with a head full of smarts  
man  
Here these niggaz go rambling  
'Cuz they don't know about the business we be  
handling  
But let 'em know

Constant hits keep 'em scrambling  
Till the stores, till the shelves dismantlin' and  
And what's that joint 9th sampling?  
Pooh and 'Te on the mic, them bastards them, damn

And your women, we attractin' them  
And if you ever wanna know what's happening  
We tell 'em, oh

Don't stop, can't stop, yes, I wanna  
(It sounds so good)  
Can't stop, won't stop, yes, I wanna  
(It's so hood)  
Don't stop, can't stop, yes, I wanna  
(From state to state)  
Can't stop, won't stop, yes, I wanna  
(Them boys making the papes and yeah, we lovin' it)

Don't stop, can't stop, yes, I wanna  
(West Coast say they lovin' it)  
Can't stop, won't stop, yes, I wanna  
(The East Coast say they lovin' it)  
Don't stop, can't stop, yes, I wanna

(South-West say they lovin' it)  
Can't stop, won't stop  
(It's Joe Scudda)

I wake up every morning, holding my dick  
Going through life, like I know I'm the shit, ya ain't  
fucking with me  
So why try? Why go that route?  
Why take that street? You can't take that heat?

Man, your whole flow weak, we will take that beat  
Put our own words on it, we will make that street  
To the crowds and the masses and all I ask is  
Don't settle for the average, rap cabbage

Heads, yeah, you heard what I said, we the best here  
'Cuz our worst days be better than your best years  
We your worst fears, so get up, get out, and get  
somethin'  
Man, it's only getting worse here

Joe Scudda, Little Brother, man, we family  
And yo, we here forever, so, understand me, it's real

Don't stop, can't stop, yes, I wanna  
(Check the realness)  
Can't stop, won't stop, yes, I wanna  
(If you can feel this)  
Don't stop, can't stop, yes, I wanna  
(Doing shows and)  
Can't stop, won't stop, yes, I wanna  
(Videos, collecting [Incomprehensible])

Don't stop, can't stop, yes, I wanna  
(Uh, 9th wonder say he lovin' it)  
Can't stop, won't stop, yes, I wanna  
(Big Pooh say he lovin' it)  
Don't stop, can't stop, yes, I wanna  
(J. League say they lovin' it)  
Can't stop, won't stop  
(Everybody say they lovin' it)

Don't stop, can't stop, yes, I wanna  
Can't stop, won't stop, yes, I wanna  
Don't stop, can't stop, yes, I wanna  
Can't stop, won't stop, yes, I wanna
