[Intro] [Big Pooh Speaking] Yeah, Rapper Big Pooh. 9th Wonder on the tridack. It's like this it's like thidat. Shit what you like huh? Yeah, huh, this goes out...yeah you you you you, yeah. [Verse One] When was the last time, you heard a cat like me? Over grooves, niggas sound so sweet Make you rock on the balls of your feet And the world clap Sorry ladies, not the big time yet Rapper Pooh, big threat Hope you ready get set Cause I'm always on mark, I've never missed a point When I'm composing pieces Check the status on my latest thesis Willing to work for my piece of paper Not now ma, maybe later We on the road tryin' to get greater Trippin' to every spot Minivan keep a head bop Make a mistake and you get got We clown the whole trip Weak hearts couldn't handle this The LB team swing the hatchet like Serena with a tennis racket You underdogs if you in our bracket Every year we get a letter jacket So what you like huh? [Chorus] [Phonte] We makin' moves We doin' joints East coast, west coast, make sure you get the point It's whatcha like It's whatcha need It's Little Brother holdin' down for the Justus League We makin' moves We rockin' shows East coast, West coast, in your videos It's whatcha like It's whatcha need Don't ever step to Little Brother or the Justus League [Verse Two] [Big Pooh] Who you know rock a 9th track With so much precision? Dr. Pooh about to make the incision Verses me, that's a bad decision Stop, think about it You in the mix with highly touted Left jab, right hook and you finished No sweat We make this just in case you forget I'm on that Roy Jones shit, three fourth every time I'm out Now give me mine or I won't pull a rhyme out It's sixteen for them bench players You never get in the game Don't be mad, whatever haters Niggas still tryin' to frustrate us Talkin' crazy like them niggas made us And takin' all the credit Every rhyme I wrote, I said it And every 9th track, we set it And blessed her too It's one time for the whole crew J. League blow the spot So tell me what you like dude [Chorus]
