Well the sun comes up and the sun goes down
And the Cajun Panther wanders thru your town
Talkin' about, talk talkin'
Talkin' about, talk talkin'
Talkin' about, talk talkin'
The Cajun Panther, she's black as night

Well the telephone rings, and the t.v.'s on
Someone's at the back door, writin's on the wall
Talkin' about, talk talkin'
Talkin' about, talk talkin'
Talkin' about, talk talkin'
The Cajun Panther, she's black as night
Cajun Panther, she's a black-eyed woman, Cajun
Panther

Well the sun comes up and the sun goes down
And the Cajun Panther wandered thru my town
She's an animal, a beast unleashed
Well my flesh and blood was her feast
Talkin' about, talk talkin'
Talkin' about, talk talkin'
Talkin' about, talk talkin'
Cajun Panther, Cajun Panther
She's a black-eyed woman
She's an animal, Cajun Panther, Cajun Panther
