

Little Caesar "Drive It Home"

Visit "[Drive It Home](#)" on MotoLyrics.com

It's American made, motorheads delight
I pray to Henry Ford, each and every night
It's a big block banger, and I keep it clean
'Cause I never let corrosion get in my machine

Gotta big fuel pump, stick shift too
Let me show ya honey, what my rod can do
Well it's ready to run at the drop of a hat
It can shoot the hole in no time flat

Girl let me Drive It Home
Don't want to drive alone
Girl let me Drive It Home
A ride like you've never known

Like to pump it myself, I'm a self serve man
And I love to have its juices run all over my hand
I can get my tool in the tightest space
Love to crawl underneath her, have it in my face

Girl let me Drive It Home
Don't want to drive alone
Girl let me Drive It Home
A ride like you've never known

It never stops for nothin'
Runs on domestic beer
It makes your heart start pumpin
I'll show ya how to steer
Just park it over here, just park it over here
You always gotta space in my lot

Baby lift your hood wontcha let me see what's under there
Baby lift your hood wontcha let me see what's under there
Baby lift your hood wontcha let me see what's under there
Baby lift your hood wontcha let me see what's under there

It's American made, motorheads delight

I pray to Henry Ford, each and every night
Got big ball joints, to take the curves
I can take ya to the redline if you got the nerve
Got an oversized piston, makes the gear box scream
And it slides through the cylinders like a dream

Girl let me Drive It Home
Don't want to drive alone
Girl let me Drive It Home
A ride like you've never known
Gonna drive it, gonna drive it, Drive It Home
