Beatboxing intro

CHORUS [Solitair] {Choclair ad-libs

All I need in this world is you

{yo, one ah one, yo one ah one

All I need in this world is you

[Choclair]

I was single with plenty women

Half were plenty chicken

Can't waste a holla on a

Squeezing for dollars, so I'm

Spending my time up in these clubs, then I

Met this dark skin girl, now I'm

Spending late nights up on the phone (phone)

Now she's spending the night

Moved in my home, I think... *echoed*

{Solitair All I need in this world is you

[Choclair]

Yo, now we

Sittin' pretty with our views of the city

Got condos in the clouds

To watch the sun tip it's hat (tip it's hat yo)

Then she brings it back (brings it back)

We laughed at Bernie Mac (Bernie Mac)

There's nothing better than flying without trying

Cannons, they blazing, on sex engagements

Girls hear the sparkin'

Like "he's off the market"

But some scurry, just to make that girl worry

But girl don't worry

You're my Memoirs, Blake Sav, track six

Don't worry 'bout these flighty girls tactics

I'll tell ya

CHORUS [Solitair] {Choclair ad-libs

All I need in this world is you

{Yo, I got you on my mind girl, rocking the world, all

Of the time yo

All I need in this world is you

{It ain't all blue skies, and cake walks

[Choclair]

Now this girl was, just a young buck
Her Mom's a mess, everynight at the clubs
Her pops is missing, who's her mom kissing?
Now she's a teen, now she's "wookin' pa' nub"
So she's all up in these clubs, at fifteen dollar a pop
She met this dude, that got her to listen
She's getting him cash, she's thinking it's love
Cause she never had, thinking it's bought
Cause he got her some pants
Now wishes she's taught
That ass is just ass
Cause she was just ass, and never expected
That she would get pregant, now in the system she's
caught
"Mama!" she cried, "Why are you leading me lost?"
You created a path, I had no choice to walk
All I needed was guidance, you chose yourself
Now my life is imbalanced, but my daughter's my
strength

CHORUS [Solitair] {Choclair ad-libs

All I need in this world is you
{I need you, yeah, that's what these girls cry
All I need in this world is you
{Music, all I need is music, music

[Choclair]

In '95 you heard it, my music I worked it
In '99 made Canadians nervous (yo, what you going do
dog)
But, thirty day gold debut
But, the picture is bigger
Though it brought me the cash, yo
That was my catalyst, to bring you some bigger shit
Raisin' the bar, constatly we are
Over at the bar, straight raisin' the glass
Draining the pockets, that's what music got us
And Circle rocks it, it eases the soul
Calms the home, collects the doe
Cause it's an entrepreneur
Just like my girl so I got to pursue her
So when I'm 88, my life is great
Yeah, my grandson's like grandad, I want a song
So here's a note and a pad, yo kick it pops

CHORUS [Solitair] {Choclair ad-libs

All I need in this world is you
{Yo, it's music, it's music, Solitair we got hit
Another one

All I need in this world is you
{Yo Solitair, kick it
All I need in this world is you
{Family, first, all that other shit after
All I need in this world is you
{Choclair, woo
All I need in this world is you
All I need in this world is you
