Lowell George

It's so easy to slip

It's so easy to fall

And let your memory drift

And do nothin' at all

All the love that you missed

All the people that you can't recall

Do they really exist at all

Well my whole world seems so cold today

All the magics's gone away

And our time together melts away

Like the sad melody I play

Well I don't want to drift forever

In the shadow of your leaving me

So I'll light another cigarette

And try to remember to forget

It's so easy to slip

It's so easy to fall

And let your memory drift

And do nothin' at all

All the love that you missed

All the people that you can't recall

Do they really exist at all
