Gordon DeWitty, Sam Clayton
Don't you know
It's the way you go
You can get further
Sure can be murder

Try to hard
That ain't so smart
First you start trippin'
Then you start slipping

I, I like peace of mind
Leaving my troubles
In the wind behind

I like grooving'
Doin' what I do
If you like to feel good
Can you feel the groove

Can't you see
What your trying to be
You can never make it
If you try and fake it

Pick and choose
Win or lose
You can last longer
If you're a little bit stronger

Feel the groove
You got to feel the groove
Feel the groove
You ought to feel the groove
Feel the groove
You got to feel the groove
Feel the groove
You ought to feel the groove

Negative
Attitdes
Like a fire that's burning

all the things you should be learning

And positive
Attitudes
Help you in growing
Towards the things you should be knowing

I, I like peace of mind
Leaving my troubles
In the wind behind

I like grooving'
Doin' what I do
If you feel good
Can you feel the groove

Feel the groove
You got to feel the groove
Feel the groove
You ought to feel the groove
Feel the groove
You got to feel the groove
Feel the groove
You ought to feel the groove

You'll never make it
If you fake it
You got to feel the groove

You'll never make it
If you fake it
You ought to feel the groove
You'll never make it
If you fake it
You got to feel the groove
You'll never make it
If you fake it
You ought to feel the groove

Feel the groove
You got to feel the groove
Feel the groove
You ought to feel the groove
Feel the groove
You got to feel the groove
