P. Barrere, S. Murphy

I'm out here standin' on the corner

guess I'll shuffle down the street

my baby's gettin' kinda tasty

freedom, oh it can't be beat

wayward lawd lawd

wayward oh no

wayward oh no no

I got happiness

you know pressure seems to get me

travelin' with my hat in my hand

lookin' for a hand out

hand out in no mans land

wayward lawd lawd

wayward oh no

wayward oh no no

I got happiness

I might be down, but down don't bother me

I'm on the green side of the lawn

you see, I'm still kickin' yeah

don'tcha ever get to thinkin'

this trap of life is gettin' tough

I raise my hands and get to walkin'

sometimes I think I've had enough
