My pappy used to tan my hide

Out behind the barn

He taught me to be dignified

Out behind the barn

But when he took that strap to me,

and turned me down across his knee

He sure did hurt my dignity

Out behind the barn

I got my education

Out behind the barn

And i'm not foolin' no siree

Passed each examination

Out behind the barn

But it almost made a wreck out of me

I smoked my first cigarette

Out behind the barn

And that's one day I won't forget

Out behind the barn

I got so sick, you should've seen

How that tobacco turned me green

I almost died from nicotine

Out behind the barn
I met a pretty girl one day
Out behind the barn
She wanted me to stay and play
Out behind the barn
She taught me how to kiss and pet
And that's a game I won't forget
Cause we still play the same game yet
Out behind the barn
I wish I could go again
Out behind the barn
And do some things I did then
Out behind the barn
Now you think it ain't no fun
To be a poor old farmers son
You just don't know what all I've done
Out behind the barn
