(Shorty Long - John Speca)

Send me string to tie up my broken heart
My broken heart it's all apart
And eraser to help me erase all the years
And blotter to soak up my tears.

Send me my pictures, my letters, my ring
And a note saying that we are through
You don't want no more that's all that you wrote
Now I need something else from you.

Send me string to tie up my broken heart
My broken heart it's all apart
And eraser to help me erase all the years
And blotter to soak up my tears.

--- Instrumental ---

The pictures you sent me are faded and torn
Like our love they are things of the past
All the letters I burn them and as far as the ring
I would trade it and here's all I ask.

Send me string to tie up my broken heart
My broken heart it's all apart
And eraser to help me erase all the years
And blotter to soak up my tears...
