Today I stood across the street and watched you leave
with him
Right before my disbelieving eyes
And when you saw me standing there you turned the
other way
You wouldn't cross the street to say goodbye
Once you said you'd do most anything to keep our love
You'd tear out your tongue before you'd tell me lies
Once you said you'd go to any lengths to be with me
But you wouldn't cross the street to say goodbye
[steel]
Once you said you'd do most anything to keep our love
You'd tear out your tongue before you'd tell me lies
Once you said you'd crawl on hands and knees to be
with me
But you wouldn't cross the street to say goodbye
