Children tremble  
Flowers fade so sadly  
Love is strange to understand  
Winter Winds blow  
Does the truth sting badly  
Let your tears fall into my hands  
Let your tears fall into my hands

Listen closely  
And I will sing for you  
A sentimental song  
And you will know just how I feel  
Listen closely  
I will sing for you  
A sentimental song

Hide with me tonight  
Love endures the weather  
Let the rain make everything new  
In the morning  
We will dance together  
Let my song fall down around you  
Let my song fall down around you

Listen closely  
And I will sing for you  
A sentimental son  
And you will know just how I feel  
(In my heart)  
Listen closely  
I will sing for you  
A sentimental song  
And you will know my love is real

Listen closely  
I will sing for you  
A sentimental son  
And you will know my heart is true

Listen closely  
I will sing for you  
A sentimental song

And you will know how I love you...
