The Choir - Melodious

You are so melodious  
That's what I called to tell you  
We are so harmonious  
Playin' together so well  
You are so melodious  
That's a good thing about you  
We are so harmonious  
Makin' some music now  
Sometimes you bend the strings  
Out of tune but I  
Like that tension  
Reflecting reality  
You are so miraculous  
Hummingbird wings for fingers  
We are so illustrious  
How come we never win?  
You are so industrious  
Never too old for college  
We are so ridiculous  
Rowing above the falls  
Wild nights I was a fool  
Lucky how you loved  
Me too much to  
Throw me into the pool  
Dark days, regretful words  
Threaten joy but the bear  
Of a true friend's heart is  
The loudest sound ever heard  
You are so melodious  
A beautiful song inside of you  
We are so harmonious  
We're gonna be all right
