Wait a second I'm not through wasting my time away  
with you. Because there's nothing in this world I'd  
rather do than sit back and drift away, and feel it seem  
like yesterday. When being kids and fuckin up felt OK  
and every thing we did was wrong but we did it anyway.  
My dear friends...how it's been. Never thought I'd see  
the day. And so we go our own way. Can we walk?...this  
floor is hurting my knees. We'll get lost and talk of  
better days. Broken glass...climb...scratch the trees. No  
better way to say our names. Until we crawl against it  
all, we fight, we fall, so proud so small. And now I know  
how much we've grown and how much you've meant to  
me. And I ask...why me? Lucky, my luck seems to be.  
You and me..we will be. Forever. My earth, my  
wings...my sea.
