He wakes up, checks the clock, gonna get his hair cut.
He's going out tonight.

She calls her friends says listen but keep your mouths shut.

I heard he's coming out tonight.

He goes to the same old bar, every Saturday night.

He puts on the same old tunes, she takes out a cigarette and asks him for a light.

She longs to tell him what she means when she said I like your jeans. She really meant that.....

Hello miss lovely

She longs to tell him what she means when she said I like your jeans. She really meant that he's so sexy. And she doesn't even know, he went on the radio to tell the world that she's so lovely, she's so lovely

Oh this should be the best night of your life, be the best night of your life, be the best night.

She's so lovely, she's so lovely.

This should be the best night of your life, be the best night of your life, be the best night.

She's so lovely, she's so lovely.

Hits the bar with the lads, sticks a song on the jukebox.
A hit from '99.

She says to her mate lets wait ten minutes.

I don't wanna be bang on time.

She goes to the same old bar, every Saturday night.

She puts on the same old tunes, she takes out a cigarette and asks him for a light.

She longs to tell him what she means when she said I like your jeans. She really meant that he's so sexy.

And she doesn't even know, he went on the radio to tell the world that she's so lovely, she's so lovely.

Oh this should be the best night of your life, be the best night of your life, be the best night.

She's so lovely, she's so lovely.

This should be the best night of your life, be the best
night of your life, be the best night.
She's so lovely, she's so lovely.

outro.....[chanting....'this should be']
