Well our mums got talkin at the village store
I was three you were four
You looked lovely that's for sure
Just somthin about you

Together we went everywhere
You scratched my face i pulled you hair
You sent me tumblein down the stairs
Just somthin about you

Bridge
You must have known that I want you (that I want you)
You must ahve known that I want you don't you

Chorus
Somthings happenin
It's written on the wall that you're sexy in Latin
This time,come on
Everthings changin n we can't hold on.

Verse 2

We'd stay out drinking in the park
I'd walk you home after dark
I didn't mind it wasn't far
Bacause there's somthin about you

You went to university
You lost your virginity
Saw more of him and less of me
But there's somthin about you

Bridge
You must have known that I want you (that I want you)
You must ahve known that I want you don't you

Chorus
Somthings happenin
It's written on the wall that you're sexy in Latin
This time,come on
Everthings changin n we can't hold on.

Verse 3

Well we're not friends anymore
I'm twenty three you're twenty four
You're still gorgeous that's for sure still somthin about
you

Now we've done it everywhere
You scratch my back, I pull your hair
We've even done it on the stairs
There's just somthin about you.

Chorus
Somthings happenin
It's written on the wall that you're sexy in Latin
This time, come on
Everthings changin n we can't hold on.

Chorus
Somthings happenin
It's written on the wall that you're sexy in Latin
This time, come on
Everthings changin n we can't hold on
