O I still like the way that you're always late
When I'm picking you up and I cannot wait,
It feels like were going on our very first date,
And you look beautiful

So you sit in the car, I put the stereo on,
I left the tape at the start of our favourite song,
I've got an hour and a half to prove you wrong,
So I say You look beautiful

It doesn't mean, I'll be any different really
But I like you and we kind of get along,
Ooo I like you and we kind of get along.

Well there's this pub that I know
And it's just a stones throw from that park where we
took a walk,
Well have a chat and a drink, reminisce and a think,
I'll even listen to you talk.

Well it isn't that far,
I could just leave the car if you out me up at yours,
I know that it's soon
But I'll have the spare room,
And you can even shut the doors.

It doesn't mean, I'll be any different really
But I like you and we kind of get along,
Ooo I like you and we kind of get along.

So if you say that you miss me and you want me to
stay,
I'll do what I can to make every day great,
I promise I won't make the same old mistakes,
'Cos you're just beautiful
Well you said that you miss me, and you want me to
stay
So I wrote you a song 'cos it's the only way
To tell you I like you without getting carried away

It doesn't mean, I'll be any different really
But I like you and we kind of get along,

Ooo I like you and we kind of get along.
