Ariel:

You are my world my darling  
what a wonderful world I see  
You are the song I'm singing  
Your my beautiful Melody..

Eric: Darling, We better be going

Ariel: Look at her isn't she glowing?

Eric: She looks divine, and you look exquisit, but look at  
the time

Ariel: It couldn't be is it?

The crew are awaiting your orders

We're sailing away from the borders

Steady boy steady

Ahoy there, their coming!

Trumpetters ready, drummers start drumming

Down to the sea we go

Down to a world I know

There's never been

Not ever before

A child born of sea and shore

Down to the sea we go

Down to the world below

A journey to ?

A princess to be

Under the sun, and under the sea..

Under the Sea: Ariel is coming (repeated very often)

What's all the big comotion

That's spreading trough the ocean

From sea to shining sea

There's is now advertating

Today we're celebrating

Ariel's Melody

lad-da-di-da ( repeated very often )

Today when Triton's daughter  
Come's back here to the water  
We're gonna have a spree  
The boat is nearer now  
I think I hear her now  
Ariel's Melody

Merpeople:  
Out from the sea we rise  
Up to the world of skies  
There's never been  
Not ever before  
A child born of sea and shore

Out from the sea we rise  
Up to the world of skies  
Forever to be  
Together as one  
Under the sea..  
And under the sun..

Ariel:  
This is your world my darling  
One world the land and sea  
My hope for you for always  
Is that your heart will apart of me

Down to the sea we go  
Down to the world we know  
Together we come  
Forever to be  
Under what sun  
The land and the sea..
