My thing is you
My thing is you

The world is made of nice things and that's just fine
You've got your things, honey and I've got mine
Now when it comes to doing my thing
I know just what to do

'Cause baby, baby, baby
My thing is you, yes it is
My thing is you

A doctors thing is curing you when you were ill
He'd even give you a shot or two for fever and chill
A shoemaker's thing is giving sole
To a worn out shoe

But baby, baby, baby
Ooh, my thing is you
My thing is you, yes it is

A pilot thing is to flying a plane, way up in the skies of
blue
Listen, a lover's thing is giving good loving
And I'm gonna give it to you
Yeah, yeah, yeah, yeah

My thing is you, my thing is you
My thing is you, my thing is you

The world is made of nice things and that's just fine
You got your things, honey and I've got mine
But when it comes to doing my thing
I know just what to do

'Cause baby, baby, baby, ooh
My thing is you, yes it is
My thing is you, my thing is you

Can't you see it baby, oh yeah
When it comes to you, oh baby, I know what to do
I don't care what everybody else is doing

When it comes to you, I know

My thing is you, yes it is, baby
You love me too, don't you, baby
My thing is you

I don't want nobody trying to tell me what to do
When it comes to you I can do, oh, I can do
Everything I need to do when it comes to you
Yes, I can

My thing is you
