Forced now
Proceed with these actions I could do without
Suffer the pace just for the meantime
Step into place and shoulder these high hopes
It's all I know
I'm down and out
Shaken and broken
Can I unthink
More doubts
Restrain all these pressures I could do without
Sustain resonates throughout in real time
And this step is made to defend these high hopes
I'm down and out
Shaken and broken
Can I unthink
These awkward moments
Static remains
I won't forget
Those years are etched in place
Static remains
I'm down and out
Shaken broken
Can I unthink
These awkward moments
Abort to rediscover reason
Forgotten ground
Static remains
Abort to rediscover reason
Forgotten ground
Static stays
