Standing still for now  
Still up for rhymes and reasons  
This atmosphere is airtight  
For a while this rest was decent  
Far too long to sit complacent  
Numb phase  
Replaced  
Unscathed  
Trace rewind  
Standing up for now  
Don't feel the need to defend  
My alibi is airtight  
For a while this rest was decent  
Far too long to sit complacent  
Numb phase  
Replaced  
Unscathed  
Trace rewind  
I'm not awake enough to relieved  
I'll nod and wave but probably won't engage  
Muttet reflex  
Sharpens over time  
And I can't escape  
Moderate  
Too long to sit complacent  
I need some results  
It's been so long  
This pattern insults  
It's been so long  
It's been so long  
I'm not awake enough to relieved  
I'll nod and wave but probably won't engage  
Muttet reflex  
Sharpens over time  
And I can't escape  
Moderate
