There's a sweet little girl that lives down the street  
Some people think she's square but I think she's sweet  
You can see her every day, strollin' up and down the  
Way  
Lookin' so pretty and this is what I say

[Chorus]

She's got it  
Ooh baby, she's got it  
Ooooh baby, she's got it  
I can't do without her

Big blue eyes, long black hair  
Dimpled cheeks and she's no square

Ruby lips, shapely hips  
When she walks down the street all the cats flip

She loves to sing, hot rod queen  
She's real gone in everything

[Tearing Saxes]

She loves to sing, hot rod queen  
She's real gone in everything

When the music's hot, she loves to bop  
She'll dance till the jukebox pop

She's got it  
Ooh baby, she's got it  
Ooooh baby, she's got it  
I can't do without her  
Yeah, she's got it  
Oh-oh, she's got it  
Ooooh, she's got it  
Yeah-yeah, she's got it  
Oh-oh, oh-oh-oh  
Yeah-yeah-yeah, hey  
Aaaahhh...

[Saxes and piano]
