And I know if I don't go I'll never ever be like a rolling
stone,
I know I'm leaving here today,
There were times when I could have gone but didn't
feel as ready as I should have done
I feel the time is right.

Now and then when I'm on my own and can't get used
to being all this way from home,
My heart feels kinda sad,
It's a time when I'm not sure which way my crazy life is
pulling me towards,
I know I'll always call your name.

I'll always call your name, I'll always call your name,
I'll always call your name, I'll always call your name.

Sometimes I get the feelin' I'm acting like a fool,
But then I get ambition and it tends to over-rule,
And even when I'm down the feelin's just the same,
Ain't nothing gonna hurt me I'll always call your name,
name, name, name, name,

And you've shown me good times and bad right from
wrong whenever I confused my head,
I still regard you as my home,
Just the same if fortune and fame should come along
and take me down a lonely lane,
You know I'll always call your name.

I'll always call your name, I'll always call your name,
I'll always call your name, I'll always call your name.
