Heart of a dreamer but I do know right from wrong
And you alone you keep me holdin' on
I long for the momentâ€¦restless and blue
And no one ever filled my dreams like you

I will promise you my heart is yours alone
And I'll give to you every night I own
Baby, we've got what it takes
Baby, we've got what it takes
Just you and I

You fill me up when I burn deep inside
A perfect spell, a dream we could not hide
And no one around us could help but see
You're the fire that lights the flame in me

I will promise you a world that's all our own
And I'll give to you all the love I've known
Baby, we've got what it takes
Baby, we've got what it takes

Just you and I
I've waited a lifetime
Wondering why
Searching for you
Now I can see
Forever's the right time
For just you and I

I will promise you my heart is yours alone
And I'll give to you every night I own
Baby, we've got what it takes
Baby, we've got what it takes
Baby, we've got what it takes
Just you and I

Got what it takes
Just you and I
Got what it takes

Yeah we've got what it takes

Now I can see
Got what it takes
Just you and I
