SLEEPLESS NIGHTS
WRITER GRAHAM GOBLE

I lie in bed and I just can't sleep, my mind's outside
chasin' the beat, thinkin' of you and of what went
wrong, I wonder how I can carry on with these sleepless
nights, oh sleepless nights, I'm havin' sleepless nights
over you. I toss and turn cos' we're getting nowhere,
the fire burns but there's nobody there, I need
direction, need to find a way, I'm so tired of just
sleeping my days away, because of sleepless nights,
oh sleepless nights, I'm having sleepless nights over
you, just can't get over you. I'm up all night watching
my TV, I see the dawn with the late movie, I'm runnin'
scared and I just can't find, a way to ease you off my
mind, can't stop these sleepless nights, since you left
me baby, sleepless nights, I'm havin' sleepless nights
over you. You know you got me cryin' baby, sleepless
nights, sleepless nights, woah sleepless nights,
sleepless nights, sleepless nights, sleepless nights,
sleepless nights.
