"Hey everybody yeah, don't you feel that there's something?  
Feel it, feel it?  
Hey everybody yeah, don't you feel that there's something?

People on their own are getting nowhere,  
I am on the road to see,  
If anything is anywhere and waiting, just for me.

Everynight I walk around the city.  
Seems like I'll never know,  
That feeling of being together when I go.

And it's a long way there, it's a long way to where I'm going,  
And it's a long way there, it's a long way to where I'm going.

Hey everybody, don't you feel that there's something,  
but you know  
in a moment it is gone.  
I live for the day when I can hear people saying that  
they know and  
they care for everyone  
But I feel like I've been here for the whole of my life,  
never knowing  
home.

It's a long way.  
It's a long, long, long way there,  
I'm gonna keep on tryin',  
I'm gonna keep on tryin', yeah,

I'm gonna keep on tryin',  
I'm gonna keep on tryin', ah!

Been away from home for such a long time,  
And got to know this town,  
But I don't seem to matter much to anyone, who's  
around  
Is there anybody around?

Everynight I walk around the city,  
Seems like I'll never know,  
The feeling of being together when I go.

And it's a long way there, it's a long way to where I'm  
going,  
And it's a long way there, it's a long way to where I'm  
going.

Everybody knows it's a long way there,  
Oh, everybody knows it's a long way there.  
Mmm, it's a long way

Driving around's kind of getting me down and I know,  
and I know  
It's a long long way there  
It's such a long long way, long way

Hey everybody yeah,  
don't you feel that there's something?  
Feel it, feel it?  
Hey everybody yeah,  
don't you feel that there's something?"
