Heart of a dreamer but I do know right from wrong  
And you alone you keep me holdin' on  
I long for the moment  
restless and blue  
And no one ever filled my dreams like you

I will promise you my heart is yours alone  
And I'll give to you every night I own  
Baby, we've got what it takes  
Baby, we've got what it takes  
Just you and I

You fill me up when I burn deep inside  
A perfect spell, a dream we could not hide  
And no one around us could help but see  
You're the fire that lights the flame in me

I will promise you a world that's all our own  
And I'll give to you all the love I've known  
Baby, we've got what it takes  
Baby, we've got what it takes

Just you and I  
I've waited a lifetime  
Wondering why  
Searching for you  
Now I can see  
Forever's the right time

For just you and I

I will promise you my heart is yours alone  
And I'll give to you every night I own  
Baby, we've got what it takes  
Baby, we've got what it takes  
Baby, we've got what it takes  
Just you and I

Got what it takes  
Just you and I  
Got what it takes

Yeah we've got what it takes

Now I can see  
Got what it takes  
Just you and I
