She's there like the heat, she dances like the fireflies  
I'm torn like the wind, there's magic in her eyes...  
I'm a slave to her love, I'm fooled by her disguise  
That mistress of mine, that mistress of mine  
She turns like the tide and takes me where I've never  
been  
There's peace at her side, she's a lady and a gypsy  
queen  
I'm caught by her spell, sometimes I wish I'd never seen  
That mistress of mine, that mistress of mine  
So I say to myself, it's no good being left in the cold  
It's no fun to be out on a she-e-elf  
And so sad to be lonely when your old  
But I'll never give in, I accept the way that she lives  
But could I ever start again  
If I cease to share the love that she gives  
That mistress of mine  
Dah-da-da-dah, dah-da-dah  
Dah-da-dah, dah-da-dah, dah-da-dah  
Dah-da-da-dah  
She's there like the heat, she dances like the fireflies  
I'm torn like the wind, there's magic in her eyes...  
I'm a slave to her love, I'm fooled by her disguise  
That mistress of mine, that mistress of mine  
So I say to myself, it's no good being left in the cold  
It's no fun to be out on the she-e-elf  
And so said to be lonely when your old  
But I'll never give in, I accepted the way that she lives  
But could I ever start again  
If I cease to share the love that she gives  
That mistress of mine  
Oh-oh-oh, ah-ah-ah-ah-ah-ahh  
She's a mistress, mistress of mine  
Ah-ah-ah-ah-ah-ahh  
She's a mistress, mistress of mine  
She's a mistress, that mistress of mine...  
Ah-ah-ah-ah-ahh
