I found out that you
care for another guy
I found out that you
want for another smile
We are alone as two
different people can be
And it's hurting me
so just to know
that you don't care for me

(chorus)

The other guy won't be around
to talk to our kids
He won't understand when you're down
the way that I did
We had it all you and I
We just need to try again

I found out that your

heart's with another guy
You found out that you're
telling another lie
We've come apart
we're going our own separate ways
And you don't understand
why I love you
and want you to stay

(chorus)

You don't know it's
me that you need
You're thinkin' of him
and I can't compete
But I'm here to say
I still want you back again

(chorus 3x)

(repeat chorus to fade)
