I don't stay out all night  
I don't close down the bars  
And I don't make a fool of myself  
Well, I don't drink too much  
And I don't get too loud  
And I don't ever raise too much hell

But there's a first time for everything  
Since you said goodbye  
There's not much of anything  
That I haven't tried  
To somehow get over you  
There's no tellin' what I might do  
'Cause if I've learned anything  
There's a first time for everything

I don't call up old flames  
'Cause I don't have a blackbook  
I don't spend all my time in the past  
I don't wake up with strangers  
'Cause I don't sleep around  
No I don't believe in love that won't last

But there's a first time for everything  
Since you said goodbye  
There's not much of anything  
That I haven't tried  
To somehow get over you  
There's no tellin' what I might do  
'Cause if I've learned anything  
There's a first time for everything

Yeah yeah

When I somehow get over you  
There's no tellin' what I might do  
'Cause if I've learned anything  
There's a first time for everything

Yeah yeah  
'Cause if I've learned anything  
There's a first time for everything

Yeah  
Yeah yeah yeah
