I never knew what I'd go through without you  
Or how much I need for you to believe in me  
But it won't have to be like before  
'Cause I don't have to lie anymore

'Cause this time it's real  
The way that I feel about you  
Don't walk away  
'Cause I'm not the same without you

I'm not just fooling around  
I promise I won't let you down  
This time it's real, this time it's real

I finally know why you had to go away  
You needed time, something that I couldn't give  
But I'm not the same man I've been  
And you'll know when I hold you again

'Cause this time it's real  
The way that I feel about you  
Don't walk away  
'Cause I'm not the same without you

I'm not just fooling around  
I promise I won't let you down  
This time it's real, this time it's real

I've only given you half of my heart  
But I'll give it all from now on

This time it's real  
The way that I feel about you  
Don't walk away  
'Cause I'm not the same without you

I'm not just fooling around  
I promise I won't let you down  
This time it's real, this time it's real  
This time it's real, this time it's real
