Well, I was who I was and I did what I did  
And that's who you left when you left me, way back  
then  
I took a long look at myself and what I saw looked like  
hell  
And I swear I'll never goin' there again

So if you ain't seen the changes in me, baby  
You ain't seen me lately

Well, it's been a month on Sunday since I showed up  
late on Monday  
Because Friday night just never seemed to end  
I found new ways to have fun and I'll promise, I ain't  
done  
You know, what, with who knows who and God knows  
when

If you ain't seen the changes in me, baby  
You ain't seen me lately

I ain't exactly on my knees, begging, please, pretty  
please  
But if you think you might take another chance  
I ain't nothing like the mess that I was when you left  
You can bet you gonna find a better man

If you ain't seen the changes in me, baby  
You ain't seen me lately  
Now watch this

You know, it sure would be a shame if every time you  
heard my name  
You thought I love a stone, cold, dead and six foot  
deep  
Before you shovel in the dirt and tap it down  
What would it hurt, if you took another good long look  
at me?

I ain't exactly on my knees, begging, please, pretty  
please  
But if you think you might take another chance

And I ain't nothing like the mess that I was when you  
left  
You can bet you gonna find a better man

If you ain't seen the changes in me, baby  
You ain't seen me lately, you ain't seen me lately  
You ain't seen me lately, yeah
