Nobody but you, babe
Nobody but you, babe
Nobody but you, babe
You made my life complete

Started the ball a-rollin'
Rollin' like a tumbleweed
Never stopped a-rollin'
'Till you grabbed my heart
You know I want it to be

Nobody but you, babe
Nobody but you, babe
Nobody but you, babe
You are sugar
'Cause you sho' is sweet

(harmonica & instrumental)

You put the lid on the pot
You put the salt in the bread
You made my life worth livin'
Mama, each an' ev'ry word I said

Nobody but you, babe
Nobody but you, babe
Nobody but you, babe
You upset my very soul.
