You never knew
How it would feel
To be left all alone

Now you know
Now you know
Now you know
Now that you're on your own

You broke my heart
Now someone else
Has thrown your
Love in the sea

Now you know
Now you know
Now you know
What you did to me

While you're drying those teardrops
Praying your heart will heal
Think if the way it used to be
With me, when your love was real

Oh, then come to me
And I'll hold you close
Just like I used to do

Now you know
Now you know
Now you know
That I still love you

Now you know
Now you know
Now you know
That I still love you
