Wished I had someone,
just to love me all the time
I wished I had somebody to,
love me all the time
I wouldn't be so worried baby,
I would have a piece of mind

Well you say you didn't love me,
oh that hurts me so
Said you gonna leave me,
and you, won't be back no more
I wished I had somebody to,
love me all the time
I wouldn't be so worried baby,
I would have a piece of mind

Well you know we been in love,
baby, since we both were kids
Say you gonna leave me,
I just can't keep you here
I wished I had somebody to,
love me all the time
I wished I had somebody to,
love me all the time
