I need someone's hand to lead me through the
night

I need someone's arms to hold and squeeze
me tight

When the night begins and the dew remains

I need your love so bad

I need some lips to feel next to mine

I need someone to stand up and tell me when

I'm lyin' in my mind

And when the lights are low, and it's time to go

I need your love so bad

So don't give it up and bring it home to me

Or write it on a paper so it can be read to me

Tell me you love me and stop drivin' me mad

'Cause I need your love so bad

I, I need a soft voice that will talk to me at night

Don't worry baby, we won't fuss and fight

Listen to my plea, bring it home to me

I need your love so bad, oh, I need your love so bad
