I can't even look at this skin tonight  
Knowing that our time here is on a wire  
Hold me in your arms and breathe me through  
Like I know that you can only do

In your eyes I know nothing truly dies  
Never tremble with fear  
You're just married to the sun  
And every second only makes it deeper

Flower pushes through the dirt and blooms  
It doesn't have the faintest that it is due  
A virginity is naked love's an open wound

In your eyes I know nothing truly dies  
Never tremble with fear  
You're just married to the sun  
And every second only makes it deeper  
Deeper, deeper, deeper, deeper

I was alone in my room  
And all I can hear  
And all I can hear  
Was the sound of my heart beating away  
But I will follow you  
Deep into the light  
Beyond the death of love  
Love

In your eyes I know we will be together  
Free from this hell  
I'll be married to the sun  
And every second  
Will only make it deeper  
Deeper, deeper, deeper, deeper

Deeper, deeper  
Deeper, deeper

There is a love  
Beyond love

It's deeper than the depth of light  
Deeper, light  
There is a light  
Beyond light  
It's deeper than  
Deeper, light

And I will follow you  
Deeper than the depth of love  
Deeper than the waterslide to the right  
It's deeper than this flesh and blood  
I will follow you  
I will follow you  
Deeper
