"Out To Dry"

Visit "[Out To Dry](#)" on MotoLyrics.com

The dust had just settled I don't know where I am She's wonderin', what happens now? I've never seen this place before Or is this the real world? Am I dreamin'? Your love's too good for me These things that sustain me, oh how they drain me Lay with me lady, you're drivin' me crazy I promised you all my life The sun had just faded But I'll never hang you out to dry I don't know who, who I am She's wonderin', where are we now? I aint never felt like this before Or is this the real world Am I dreamin'? Your love's too good for me Lay with me lady, you're drivin' me crazy I promised you all my life These things they sustain me, oh how they drain me I'll never hang you lord But I'll never hang you out to dry I'll never hang you out to dry I'll never hang you lord I'll never hang you lord I'll never hang you lord I'll never hang you lord Lay with me lady, you're drivin' me crazy I promised you all my life These things they sustain me, oh how they drain me But I'll never hang you out to dry I'll never hang you out to dry I'll never hang you out to dry Ooh ooh
