In a dream I had, you were standing all alone with a
dying world below and a microphone singing
?Hallelujah, I finally broke their mould?
Whatever it's gonna take, hey look, keep it real
When I was alive and pissing in the mainstream
Open up your cage
Focus all your rage
The world needs people like you

In a dream I had, I was on the stage with Queen,
Michael Stipe and Elton John, Bono, Springsteen,
singing
?Hallelujah, rock 'n roll is king? (King)
Whatever it's gonna take, hey look, keep it real
When I was alive and pissing in the mainstream
Open up your cage
Focus all your rage
The world needs people like you
Whatever it's gonna take, hey look, keep it real
When I was alive and pissing in the mainstream
Open up your cage
Focus all your rage
The world needs people like you
The world needs people like you
People like you
Motherfuckers like you
People like you

In a dream I had, you were standing all alone with a
dying world below and a microphone, signing
?Hallelujah, I finally broke their mould?
Whatever it's gonna take, hey look, keep it real
When I was alive and pissing in the mainstream
Open up your cage
Focus all your rage
The world needs people like you
Whatever it's gonna take, hey look, keep it real
When I was alive and pissing in the mainstream
Open up your cage
Focus all your rage
The world needs people like you

The world needs people like you
People like you
Boilers like you
Lovers like you
In a dream I had (Dream I had, dream I had)
With a dying world below (With a dying world below)
Signing, ?Hallelujah? (Hallelujah, hallelujah,
hallelujah,, hallelujah)
