Built a king on compliments  
Charisma, and advertisements  
Still they see him shimmering ephemeral  
If it ain't supernatural  
If it ain't supernatural  
Supernatural, or maybe

It was an out of body experience  
Yes I flew around  
A hospital room once  
On intreveneous demerol  
You weren't supernatural  
Supernatural, or maybe

A sudden smell  
A certain view  
Sparked a whoppin' case  
Of the deja vu  
Is it inexplicable?  
No,no,no it ain't  
Supernatural  
Supernatural, or maybe
