In the moment I was losing my head
Readin' too much and losin' my head
And I was, reachin' forward, I was already there
Readin' too much and losin' my head
This information caused a cut in the line
Now I'm remembering god and readin' too much, it's
so nice
The point is smaller than the ants in the grass
I'll have to put it away now
In the morning there are things to be read
Words to be said and food to be fed but I won't be
there
I'll be clutchin' on a megaphone pointed at my head
Would you be there?
Would you kindly scream this word for word so loud
and clear?
I can't remember it all
It needs to be clear, I tell you
If the feeling drops out of your voice, would you kindly
pick it up?
This is how I'll go out tonight
Dressed in blue, by the book tonight
This is how I'll go out tonight
But I don't need a book

We're talkin' anchors, talkin' ships
We're talkin' seas, we're talkin' everything you need
You should be workin' now, not only askin' how
And the whereabouts of where you'll be
I don't suspect you will be thinking
When the brain is dead and the mind has taken over
This is a skill
And this is not a game
Where have you been?
Are you with us?
Can you hear us?
Got the megaphone pointed at you
This is how I'll go out tonight
Dressed in blue, by the book tonight
This is how I'll go out tonight
I don't need a book

This is how I'll go out tonight
Dressed in blue, by the book tonight
This is how I'll go out tonight
But I don't need a book, no

In the moment I was losing my head
And readin' too much and losin' my head
and I was, reachin' forward, I was already there
losin' my head, readin' too much, losin' my head
Sell it on, on the Sabbath night
