When all that's left to do is reflect on what's been done
This is where sadness breathes, the sadness of
everyone
Just like when the guys built the Dam at Otter Creek and
all the water backed up
Deep enough to dive
We took the dead man in sheets to the river flanked by
love
Deep enough to dive
Deep enough to dive
Be here now, be here now, be here now, be here now

I saw the guys who built the Dam at Otter Creek and all
the water backed up, backed up, backed up
Deep enough to dive

We took him free and a three in a stretcher made from
trees that had passed in the storm
Leave the hearse behind, to leave the curse behind
Be here now, be here now, be here now, be here now,
be here now
We took the dead man in sheets to the river flanked by
love
We took the dead man in sheets to the river flanked by
love
Be here now, be here now, be here now, be here now,
be here
We took the dead man in sheets to the river flanked by
love
We took the dead man in sheets to the river flanked by
love
Flanked by love, flanked by love, flanked by love, by
love, love, by love, love
Right, take it off, take it off, take it home, Miss Marple,
take him on, Phillip, please, so
