The only one that gets away
Ooo, how she makes us wonder
Oh, the drug we'd never try
Ooo, how it makes us slobber
The world is full of sacred signs
The hags in the temple remind me
All these pretty fleshes walkin' on the wine
It's like they're singin' to me everyday

Don't wait!
Don't wait, don't wait!
It's a trap, love, yeah
A common wasteland
C'mon...

Oh, the cash we never held
Oh, how she makes us want her
Oh, the stakes we never found
Oh, how they make us slobber, slobber, yeah
The world is full of sacred signs
The hags in the temple remind me, remind me, Lord
I've got to give myself to love
I'm just a stat in this tragedy
Visible and don't...

Don't wait!
Don't wait, don't wait!
It's a trap, love, yeah
A common wasteland
Over and over again
Oh, baby please

Don't wait!
She ain't what she seems, lover
She ain't an itty-bitty girl, yeah
She'll lead us on
Oh

She ain't what she seems
She ain't what she leads us to believe
She's everything we know, yeah

She's like a promise on the TV screen
Sayin' everything is fine, but turn around
And she eats our brains out

Oh, the one that gets away
Oh, how she makes us wonder, wonder
Oh, the drug we never tried
The fear attaches already, lover

Don't wait!
Don't wait, don't wait!
It's a trap, love, yeah
A common wasteland
Over and over again
Oh, baby please

Don't wait!
She ain't what she seems
She ain't an itty-bitty girl, oh!
She'll lead us on
Oh yeah, oh!
WOOOOAAAA!
Ohhhh!

This ain't no Goddam lie!
This ain't no shack, Lord!
This ain't no walk in the park, sister!
No, no
This is the Goddess!
And she ain't what she seems to be all our love slaves,
Lord
