Gotta find a way to flow  
In a host of things that grow  
Where babies become old  
And love is bought and sold  
The mouth of God is wide  
So let's just fall inside  
And let the whole damn thing go  
And flow

Everybody's here  
Mystery and beer  
I have nothin' to fear  
'Cuz I found a way to flow  
(Found a way to flow)

In a host of things that grow  
Where babies become old  
(Babies become old)  
And love is bought and sold  
The mouth of God is wide  
(Mouth of God is wide)  
So let's just fall inside  
And let every damn thing go  
And flow  
Flow  
Flow  
Flow

Everybody's here  
The mystery is near  
I have nothin' to fear  
'Cuz I found a way to flow  
(Found a way to flow)

In a host of things that grow  
These babies become old  
(Babies become old)  
And love is bought and sold  
The mouth of God is wide  
(Mouth of God is wide)  
So I'll just fall inside  
And let every damn thing go

And flow  
Flow  
Flow  
Flow  
Flow  
Flow  
Everywhere we go  
Flow  
(Come inside)  
Flow  
(Come inside)  
Everywhere we go

I gotta find a way to flow  
(Find a way to flow)  
In a host of things that grow  
Where babies become old  
(Babies become old)  
And love is bought and sold  
The mouth of God is wide  
(Mouth of God is wide)  
I'll just fall inside  
And let the whole damn thing go  
And flow  
Flow  
Flow  
Flow  
Flow  
Everywhere we goes  
Flows  
Flows  
Everywhere we goes  
Flows  
(Come inside)  
Flows  
(Come inside)  
Everywhere we goes  
Flows  
(Come inside)  
Flows  
(Come inside)  
Everywhere we go
