It's easier not to be wise and measure these things by
your brains

I sank into Eden with you

Alone in the church by and by

I'll read to you here, save your eyes

You'll need them, your boat is at sea

Your anchor is up, you've been swept away

And the greatest of teachers won't hesitate to leave

you there by yourself chained to fate

I alone love you

I alone tempt you

I alone love you

Fear is not the end of this

I alone love you

I alone tempt you

I alone love you

It's easier not to be great

Measure those things by your eyes

We long to be here by his resolve

Alone in the church by and by

To cradle the baby in space and leave you there by
yourself chained to fate

I alone love you

I alone tempt you

I alone love you

Fear is not the end of this

I alone love you

I alone tempt you

I alone love you

I alone love you

I alone tempt you

I alone love you

Oh, now we took it back too far

Only love can save us now, all these riddles that you
burn

All come runnin' back to you, all these rhythms that you
hide

Only love can save us now, all those riddles that you
burn

I alone love you

I alone tempt you

I alone love you
Fear is not the end of this
I alone love you
I alone tempt you
I alone love you
I alone love you
I alone tempt you
I alone love you
I alone love you
I alone tempt you
I alone love you
