The dust had just settled  
She's wonderin', what happens now?  
I don't know where I am  
I've never seen this place before  
Am I dreamin'?  
Or is this the real world?  
Your love's too good for me

Lay with me lady, you're drivin' me crazy  
I promised you all my life  
These things that sustain me, oh how they drain me  
But I'll never hang you out to dry

The sun had just faded  
She's wonderin', where are we now?  
I don't know who, who I am  
I aint never felt like this before  
Am I dreamin'?  
Or is this the real world  
Your love's too good for me  
Lay with me lady, you're drivin' me crazy  
I promised you all my life  
These things they sustain me, oh how they drain me  
But I'll never hang you out to dry  
I'll never hang you out to dry  
I'll never hang you lord  
I'll never hang you lord  
I'll never hang you lord  
I'll never hang you lord  
I'll never hang you lord

Lay with me lady, you're drivin' me crazy  
I promised you all my life  
These things they sustain me, oh how they drain me  
But I'll never hang you out to dry  
I'll never hang you out to dry  
I'll never hang you out to dry  
Ooh ooh
