She is just a goddess in a pair of Diesel jeans
He is just a poor boy, somehow a warrior priest
I am walking 'round with nothin'
I can hardly breathe
I can hardly breathe
I can hardly breathe

Finally, I can see my destiny
Leave all these doubts behind me
Find my destiny in the radiant sea
Of this love

Shinin' like a doctor in a dark ocean of disease
Fear the presence of that one will bring you to your
knees
Take me to that place inside
Where we are always free
We are always free
We are always free

Finally, I can see my destiny
Leave all these doubts behind me
Find my destiny in the radiant sea
Of this love

This world's like a sea
We move, we're too smooth
We got the groove
Don't ask me to prove the truth
It's a flame that burns the light
We were livin' before, baby
Open up the door, baby
We're too smooth, baby
Too true, baby
Too cool to settle for it less, baby
The songs we sing
The breaths that bring
The tune that drowns this thing
In the radiant sea of love

Finally, I can see my destiny
Leave all these doubts behind me

Find my destiny in the radiant sea
Of this love

Of this love
Finally, yeah
Finally, yeah
To your love
Yeah (x10)
Finally, I can see my destiny
Leave all these doubts behind me
Oh, come on
Oh, come on
Oh yeah
Hell yeah, hell yeah, hell yeah
Come on, give it to me
Give it to me, yeah
