Oh desert speak to my heart  
Oh woman of the earth  
Maker of children who weep for love  
Maker of this birth  
'til your deepest secrets are known to me  
I will not be moved  
I will not be moved

"don't try to find the answer  
When there ain't no question here  
Brother let your heart be wounded  
And give no mercy to your fear"

Adam and eve live down the street from  
Me  
Babylon is every town  
It's as crazy as it's ever been  
Love's a stranger all around

In a moment we lost our minds here  
And lay our spirit down  
Today we lived a thousand years  
All we have is now

Run to the water  
And find me there  
Burnt to the core but not broken  
We'll cut through the madness  
Of these streets below the moon  
These streets below the moon

And I will never leave you  
'til we can say, "this world was just a  
Dream  
We were sleepin' now we are awake"  
'til we can say

In a moment we lost our minds here  
And dreamt the world was round  
A million mile fall from grace  
Thank god we missed the ground

Run to the water  
And find me there  
Burnt to the core but not broken  
We'll cut through the madness  
Of these streets below the moon  
With a nuclear fire of love in our hearts

Yeah, I can see it now lord  
Out beyond all the breakin' of waves  
And the tribulation  
It's a place and the home of ascended  
Souls  
Who swam out there in love!

Run to the water  
And find me there  
Burnt to the core but not broken  
We'll cut through the madness  
Of these streets below the moon  
With a nuclear fire of love in our hearts  
Rest easy baby, rest easy  
And recognize it all as light and rainbows  
Smashed to smithereens and be happy  
Run to the water (and find me there)  
Run to the water
