Built a king on compliments
Charisma, and advertisements
Still they see him shimmering ephemeral
If it ain't supernatural
If it ain't supernatural
Supernatural, or maybe

It was an out of body experience
Yes I flew around
A hospital room once
On intreveuous demerol
You weren't supernatural
Supernatural, or maybe

A sudden smell
A certain view
Sparked a whoppin' case
Of the deja vu
Is it inexplicable?
No,no,no it ain't
Supernatural
Supernatural, or maybe
