Naked lovers feel the blood beneath their veins

Electric nerves communicate

With tiny explosions through our brains

Who is this energy that never left or came?

Give rise to passion the only glory

Of this human story

I give my heart and soul to the one

We spend all of our lives goin' out of our minds

Lookin' back to our birth, forward to our demise

Even scientists say, everything is just light

Not created, destroyed but eternally bright

Masters in everytime lord in every place

Those who stood up for love down in spite of the hate

In spite of the hate

Who put the flower in the barrel of that gun?

Who lit the candle, started the fire,

Burnt down the fortress, the throne?

Who could house all the refugees in a single shack

Or a lowly bungalow?

Who lives in a different dimension, free from the

Struggles we know?

I give my heart and soul to the one
We spend all of our lives goin' out of our minds
Lookin' back to our birth, forward to our demise
Even scientists say everything is just light
Not created, destroyed but eternally bright
Masters in everytime lord in every place
Those who stood up for love down in spite of the hate
We spend all of our lives goin' out of our minds
They live in the light
We made it to the moon
But we can't make it home
Waitin' on a rescue that never comes
Made it to the moon
But we can't make it home
Maybe home is where the heart is given up
To the one, to the one
We spend all of our lives goin' out of our minds
Lookin' back to our birth, forward to our demise
We spend all of our lives goin' out of our minds
They live, they
They stood up for love
Stood up for love
Stood up for love
They stood up for love
Stood up for love

Stood up for love

We spend all of our lives goin' out of our minds

Masters in everytime

We spend all of our lives goin' out of our minds

Stood up for love
